PLEASE NOTE: THIS EBOOK DOES NOT CONTAIN PHOTOS INCLUDED IN THE PRINT EDITION. Deemed "a prodigy among biographers" by The New York Times Book Review, Michael Holroyd transformed biography into an art. Now he turns his keen observation, humane insight, and epic scope on an ensemble cast, a remarkable dynasty that presided over the golden age of theater. Ellen Terry was an ethereal beauty, the child bride of a Pre-Raphaelite painter who made her the face of the age. George Bernard Shaw was so besotted by her gifts that he could not bear to meet her, lest the spell she cast from the stage be broken. Henry Irving was an ambitious, harsh-voiced merchant's clerk, but once he painted his face and spoke the lines of Shakespeare, his stammer fell away to reveal a magnetic presence. He would become one of the greatest actor-managers in the history of the theater. Together, Terry and Irving created a powerhouse of the arts in London's Lyceum Theatre, with Bram Stoker—who would go on to write Dracula—as manager. Celebrities whose scandalous private lives commanded global attention, they took America by storm in wildly popular national tours. Their all-consuming professional lives left little room for their brilliant but troubled children. Henry's boys followed their father into the theater but could not escape the shadow of his fame. Ellen's feminist daughter, Edy, founded an avant-garde theater and a largely lesbian community at her mother's country home. But it was Edy's son, the revolutionary theatrical designer Edward Gordon Craig, who possessed the most remarkable gifts and the most perplexing inability to realize them. A now forgotten modernist visionary, he collaborated with the Russian director Stanislavski on a production of Hamlet that forever changed the way theater was staged. Maddeningly self-absorbed, he inherited his mother's

potent charm and fathered thirteen children by eight women, including a daughter with the dancer Isadora Duncan. An epic story spanning a century of cultural change, *A Strange Eventful History* finds space for the intimate moments of daily existence as well as the bewitching fantasies played out by its subjects. Bursting with charismatic life, it is an incisive portrait of two families who defied the strictures of their time. It will be swiftly recognized as a classic. Please note: This ebook edition does not contain photos and illustrations that appeared in the print edition.

An epic yet intimate portrait of two theatrical dynasties, which takes us from the Victorian stage to the modern age. Ellen Terry was a natural actress who filled the theatre with a magical radiance. The Times called her the “uncrowned queen of England,” but behind her public success lay a darker story. The child bride of G.F. Watts, she eloped with a friend of Oscar Wilde’s at the age of twenty-one and gave birth to two illegitimate children. But her greatest partnership was on stage with Henry Irving. At the Lyceum Theatre in London, the two of them created a grand Cathedral of the Arts. Their intimately involved lives exceeded in plot the Shakespearean dramas they performed on stage — and indeed were curiously affected by them. They also influenced the life and work of their remarkable children, Ellen’s children in particular. Edy Craig founded a feminist theatre group, The Pioneer Players. Her brother, Edward Gordon Craig, the revolutionary stage designer who collaborated with Stanislavski is revealed by this book to be the forgotten man of modernism. He had thirteen children by eight women. He is, perhaps, the most extraordinary man Michael Holroyd has ever written about.

In 1899, when film projection was barely three years old, Herbert Beerbohm Tree was filmed as King John. In his highly entertaining history, Robert Hamilton Ball traces in detail the fate of Shakespeare on silent films from Tree’s first effort until the establishment of sound in 1929. The silent films brought Shakespeare to a wide public who had never had the chance to see his plays in the theatre. And Shakespeare gave the film makers an air of respectability that was badly needed by a medium with a reputation for frivolity. This work, first published in 1968, brings history to life with excerpts from scenarios, from reviews and from contemporary film journals, and with reproduction of stills and frames from the films themselves, including unusual shots of leading screen actors. This is a valuable source book for film experts, enhanced by full notes, bibliography and indexes; a fresh approach for Shakespeareans; and a vivid sketch of a world that has passed for all.

All of us must seek at a personal and a general level for a philosophy of meaning in life, “this strange eventful history,” to borrow a descriptive phrase for our existence from Shakespeare. A sense of meaning is essential for peace of mind, yet meaning may appear elusive in our present-day divided world. This book sets out to survey our options concisely, drawing on philosophy, religion, science and art, across the gamut from classical philosophers to atheists, mystics, sensualists, agnostics, primatologists, neuroscientists, Unifaith believers, Interfaith, Multifaith and lastly Transfaith, to seek a religious attitude freed from myth and magic. A new concept of intelligent design is examined, linked with Panspermia, independent of the concept of anthropomorphic creation. Each chapter draws on the opinions of two (or more) prominent inter-related thinkers, including Sartre, Foucault, and Frankl, Freud and Richard Dawkins, Carl Jung and Mircea Eliade, the Greeks and the Buddha, Van Gogh and Gauguin, and many others, to help us form an opinion, often provocatively, with no holds barred! The stimulating inter-relationship between these stars steers us on a path towards a viewpoint of Cosmic Compassionate Plurality. The Existentialist philosophers cautioned that life is essentially meaningless — but they allowed that we may choose ourselves. Certainly, our choices are

many and various in this current era. Often, however, we bemoan the lack of time to read and research those possibilities. This book sets out to provide the needed background material.

When it comes to really knowing a person, is what you see really what you get? Is it ever all you get? In this first critical study and annotated translation of the dramatic masterpiece *Four Cries of a Gibbon* by the late-Ming dynasty Chinese playwright Xu Wei, author Shiamin Kwa considers the ways that people encounter and understand each other in extraordinary circumstances. With its tales of crimes redressed in the next world and girls masquerading as men to achieve everlasting fame, *Four Cries of a Gibbon* complicated issues of self and identity when it appeared in the late Ming dynasty, paving the way for increasingly nuanced reflections on such questions in late Ming and early Qing fiction and drama. Beyond their historical context, Xu Wei ' s influential plays serve as testimony to what Kwa argues are universal strategies found within drama. The heroes and heroines in these plays glide back and forth across the borders of life and death, of male and female, as they seek to articulate who they truly are. As the actors sort out these truths onstage, the members of the audience are invited to consider the truths that they live with offstage.

A Time Magazine Top 10 Nonfiction book of 2011 A Publishers Weekly Best Nonfiction title for 2011 On a hill above the Italian village of Ravello sits the Villa Cimbrone, a place of fantasy and make-believe. The characters that move through Michael Holroyd's new book are destined never to meet, yet the Villa Cimbrone unites them all. *A Book of Secrets* is a treasure trove of hidden lives, uncelebrated achievements, and family mysteries. With grace and tender imagination, Holroyd brings a company of unknown women into the light. From Alice Keppel, the mistress of both the second Lord Grimthorpe and the Prince of Wales; to Eve Fairfax, a muse of Auguste Rodin; to the novelist Violet Trefusis, the lover of Vita Sackville-West—these women are always on the periphery of the respectable world. Also on the margins is the elusive biographer, who on occasion turns an appraising eye upon himself as part of his investigations in the maze of biography. In *A Book of Secrets*, Holroyd gives voice to fragile human connections and the mystery of place.

Tony Blair's espousal of privatization before the 1997 General Election finally extinguished the life of socialism as a significant political force in this country. There have been many reasons - both philosophical and personal - for its demise, yet in the end socialism sickened and died because of its impracticability and the failures consequent thereon.
