As with the best-selling 'Architects Pocket Book' this title includes everyday information which the architect/designer normally has to find from a wide variety of sources and which is not always easily to hand. Focusing on kitchen design, this book is of use to the student as well as the experienced practitioner. It outlines all the information needed to design a workable kitchen, including ergonomics, services such as water and waste, appliances, and material choices for the floor, walls and ceiling. There is no similar compendium currently available.

From choosing environmentally friendly diapers to identifying the hidden toxins in children's food, cribs, car seats, and toys, Green Mama discusses topics that are vitally important to new parents. What are the most pressing problems facing new parents today? As the world has become increasingly more complicated, so has parenting. We are concerned about pervasive toxins in the environment and anxious to raise our children in ways that will protect them as well as safeguard our already fragile world. Manda Afochs Gillespie, the Green Mama, shares what today's science and Grandma's traditional wisdom tell us about prenatal care for mothers-to-be, breastfeeding, detoxifying the nursery, diapering, caring for baby's skin, feeding a family, and healthy play — redefining the basics of parenting for today's world. With an upbeat tone, stories of parents who have been there, real-world advice for when money

matters more, and practical steps geared toward immediate success, The Green Mama engages and guides even the busiest, most sleep-deprived parent. The Green Mama helps parents become what they were always meant to be: experts on the care of their own children.

This vintage book contains a simple, concise guide to bottling fruit and vegetables, including simple step-by-step instructions and a selection of recipes and articles on the subject. This detailed guide will be of considerable utility to those with a practical interest in preserving home-grown produce. It will make for a worthy addition to any collection of fruit growing literature. Although old, the information contained within its pages will be useful to the modern reader, making it both a handy resource and an appealing text for collectors. The chapters of this volume include: 'Bottling Soft Fruits', 'Bottling Stone Fruits', 'Bottling Various Fruits and Vegetables', 'Fruit Bottling', 'Home Bottled Fruits and How to do Them', and 'Bottling or Canning'. We are republishing this vintage text now in an affordable, modern edition - complete with a specially commissioned introduction on food preservation.

The fun and easy way to repair anything and everything around the house For anyone who's ever been frustrated by repair shop rip-offs, this guide shows how to troubleshoot and fix a wide range of household appliances-lamps, vacuum cleaners, washers, dryers, dishwashers, garbage disposals, blenders, radios, televisions, and even computers. Packed with step-by-step illustrations and easy-to-follow instructions, it's a must-have money-saver for the half of all
