Body Language 101: The Good, the Bad, and the Ugly Much of what we say is not the words we use, but it is revealed through our tone and our body language. If you are leaning back in your chair with your arms crossed and a scowl on your face, and you say "I like it", it will come across a lot different than if you are leaning forward in your seat with a grin saying the same words.

What is Body Language? Have you ever heard of the words Body English? Body English is just one of the myriad of examples of body language that we use and apply to our lives every now and then, consciously or unconsciously. Body language is the unspoken or non-verbal mode of communication that we use in every single aspect of our interaction with another person. Our ability to use body language in a positive way and to read other people's minds through their body language separates the men from the boys (or women from girls), and can be a powerful tool to our overall personality development. Imagine creating a great impression for work, business, and love by being knowledgeable in this not-so-common yet powerful field of study. It is the unspoken tool to a successful life. So read on and find out how you can read and utilize body language - the most used yet most misunderstood secret language in the world.

Being fooled or conned can happen to anyone; It doesn't matter how intelligent, old, rich, or famous you are. Whether you have been scammed in business, swindled out of money, betrayed by a friend, relative, or coworker, or cheated on by a spouse, rest assured you are not alone. The world is full of these most toxic people—liars. You can never be sure if people are lying until you analyze their body language, facial expressions, speech patterns, even their online writing patterns. Now, world-renowned body language expert Dr. Lillian Glass shares with you the same quick and easy approach she uses to unmask signals of deception—from "innocent" little white lies to life-changing whoppers. Featuring photographs of celebrities and newsmakers such as Bill Clinton, Lance Armstrong, O.J. Simpson, Kim Kardashian, Lindsay Lohan, and many others at the actual moment they were lying, their specific signals of deception will be permanently etched in your mind. Analyzing the body language of troubled or divorced couples such as Arnold Schwarzenegger and Maria Shriver, Katie Holmes and Tom Cruise, and Ashton Kutcher and Demi Moore, you'll learn the "obvious" signs to look for.

Have you ever wished you could know what a person really thinks about you? What if I told you that you have the ability to do that and it won't cost you any more than

this book? You probably think I'm crazy, but if I've got your attention, continue reading! Body language is something that humans, and other animals, have been using since the dawn of time. Whether or not we have always been consciously aware that it isn't important, what is important is that we are aware of it now. Now, we can use this information to our advantage and that means understanding how a person truly feels. You can look at the body language of a person to learn the truth in any situation, especially analyzing their feet. This book is here to teach you how to interpret these messages. Throughout these pages, you will learn: What body language is How to spot a liar What breathing can tell you How to spot a manipulative person What to look at when you first meet somebody And much more Body language isn't simply how a person crosses their arms or legs. It goes deeper than that. It's how the breathing matches up with their words. The furrow lines they get on their brow when they are trying to think of what to say. Or the direction their feet are pointed when they are talking. Body language is something we all use, so why shouldn't we all understand how to read it? If you want to learn more about yourself and the people around you, BUY this book today!

Available for the first time in the United States, this international bestseller reveals the secrets of nonverbal communication to give you confidence and control in any face-to-face encounter—from making a great first impression and acing a job interview to finding the right partner. It is a scientific fact that people's gestures give away their true intentions. Yet most of us don't know how to read body language— and don't realize how our own physical movements speak to others. Now the world's foremost experts on the subject share their techniques for reading body language signals to achieve success in every area of life. Drawing upon more than thirty years in the field, as well as cutting-edge research from evolutionary biology, psychology, and medical technologies that demonstrate what happens in the brain, the authors examine each component of body language and give you the basic vocabulary to read attitudes and emotions through behavior. Discover:

- How palms and handshakes are used to gain control
- The most common gestures of liars
- How the legs reveal what the mind wants to do
- The most common male and female courtship gestures and signals
- The secret signals of cigarettes, glasses, and makeup
- The magic of smiles—including smiling advice for women
- How to use nonverbal cues and signals to communicate more effectively and get the reactions you want
