After I burned the wood mixed in with my old wood, The door is extremely black. We brought the wood in yesterday to dry and I used a moisture meter and it went from 30% to 20 or 25%. I have a feeling that the wood had been in the rain for several days but that is why we brought the wood indoors to get the moisture level back to an acceptable level.

Why does my woodburner glass turn black and how can I stop ...

In short, “ The Black Market
Report on Ephedrine ” is really
about helping you source and
obtain ephedra and create your
own fat burners legally. For
instance, in his research Todd
discovered that while ephedra in
fat burner form is illegal, it is not
