Anti-doping is regulated globally by the World Anti-Doping Agency (WADA), jointly funded by the sports movement and governments. Athletes are at the centre of the work undertaken by several organisations to ensure clean competition at every level.

How Anti-Doping is Governed | UK Anti-Doping

Presently, anti-doping relies predominantly on tests for substance groups that are available through prescription or that are known to the anti-doping laboratories as potential doping agents. Anti-doping cannot possibly develop tests for all substances that have ever been developed, especially those that never made it to full commercialisation and about which little is known.

Clean Sport. UK Anti-Doping is an active participant in the global fight against doping in sport - and is the national body responsible for creating a UK-wide environment of confidence in clean sport. Whether that is in competition, training or spectating, we are working for everyone who loves sport. In the UK, we make sure sports bodies comply with the World Anti-Doping Code through implementation and management of the UK ' s National Anti-Doping Policy.
