

## Function Art Project With Equations And Picture

Thank you extremely much for downloading **function art project with equations and picture**. Most likely you have knowledge that, people have look numerous time for their favorite books like this function art project with equations and picture, but stop going on in harmful downloads.

Rather than enjoying a fine PDF subsequently a mug of coffee in the afternoon, instead they juggled similar to some harmful virus inside their computer. **function art project with equations and picture** is within reach in our digital library an online permission to it is set as public hence you can download it instantly. Our digital library saves in multiple countries, allowing you to acquire the most less latency period to download any of our books once this one. Merely said, the function art project with equations and picture is universally compatible like any devices to read.

EQUATION ART PROJECT. Directions: You are to create a drawing with equations and restrictions using the DESMOS software. You can search on google for an image you want to draw or create your own. Your equation art should consist of at least 25 equations and at least 6 different types of equations. A simple image should take about 25 equations.

### ~~Function Art — andrewmoffat~~

In this project you will be creating a piece of artwork using linear functions. The project is intended to reinforce your knowledge of writing linear equations from a graph and introduce the idea of linear regressions. Below are step-by-step instructions for how you will go about creating your artwork. Step 1: Pick out a picture.

### ~~Math 1 Unit 4: Linear Art Project~~

Multiple functions of different types should be utilized within the project and a list of all of the functions used should be included. Students can use a variety of different functions however many times they want, but they must use at least five types of equations from the following list: Vertical  $x = m$  Horizontal  $y = m$  Linear  $y = mx + b$  Elliptic
