Allen SmithFam-Keller | What a Minor Prophet Teaches Us About Nationalism and Race, Grace, and Mission ~~How To Make \$1 Billion On Horse Racing~~**Health In The City Race** Shortly after the dawn of the twentieth century, the New York City Department of Health decided to address what it perceived as the racial nature of health. It delivered heavily racialized care in different neighborhoods throughout the city: syphilis treatment among African Americans, tuberculosis for Italian Americans, and so on. It was a challenging and ambitious program, dangerous for the ...

Tanya Hart's study asks one core question: Why, in response to a 1915 survey that revealed high infant mortality in an African American and British West Indian

Health in the City: Race, Poverty, and the Negotiation of ...

Health in the City challenges traditional ideas of early twentieth-century urban black health care by showing a program that was simultaneously racialized and cutting-edge. It reveals that even the most well-meaning public health programs may inadvertently reinforce perceptions of inferiority that they were created to fix.

Health in the City - NYU Press

In Health in the City, Tanya Hart investigates publicly-funded and privately administered infant and maternal health care that was 'simultaneously racialized and cutting-edge' (p. 3). The study begins in 1915, the year New York City's Department of Health issued its first city-wide mortality study.

Health in the City: Race, Poverty, and the Negotiation of ...

The New York City Department of Health conducted its first citywide health survey in 1915 through the New York Association for Improving the Condition of the Poor (AICP). To stem the tide of black and immigrant infant and maternal deaths, the AICP relied on racial and ethnic biases in their attempts to help black and southern Italian women.
