Round the World in the Wrong Season, by Eric T. Wiberg - Written between 1994 and 2009, is a memoir of global travel and an unfulfilled college crush. The book follows the narrator out of school and across the Pacific. At only 23 he has command of a 68-foot Burmese-teak ketch built in Scotland thrust upon him. The owner is on a voyage home to his death, and along the way they hire sailors twice the skipper's age. They makes it to New Zealand in a storm which sinks seven yachts, then spends months shearing sheep and writing a memoir. By the time the narrator makes a rendezvous with his college sweetheart (who has been teaching Thai students on the Burmese border), she seems to have all but forgotten him. This leads to a less than satisfactory denouement and puts at least one of them in the hospital. The book includes extensive photographs and hand-drawn charts and a detailed bibliography. It is over 400 pages in length, perfect bound in cloth. More [www.wrongseason.net](http://www.wrongseason.net) and [www.ericwiberg.com](http://www.ericwiberg.com)

Bringing together a range of leading academics and experts on social democratic politics and policy, Why the Left Loses offers an international, comparative view of the changing political landscape, examining the degree to which the centre-left project is exhausted and is able to renew its message in a neo-liberal age.

Relates the history of the tractor and shows the changes in design that have resulted in the diesel-powered giants of today.

The indomitable Joanne Kilbourn is back! From beloved author Gail Bowen comes the 15th installment in the nationally bestselling series. For readers of Louise Penny, Ruth Rendell, and Peter Robinson. Joanne's husband Zack is the leading progressive candidate in a neck-and-neck race, with the existing mayor, for Regina's top job. The tough campaigning is well underway when a disturbing threat disrupts the celebration for the opening of the Racette-Hunter Centre -- a project Zack has been spearheading, intended to benefit the impoverished community of North Central Regina. Joanne soon realizes that sinister interests are working behind the scenes of the election, and another savage act makes clear that someone will stop at nothing to maintain the status quo. The Shreve campaign perseveres, but when Zack's opponents share some shocking information about the past, the revelation sends Joanne reeling. As tensions around the election build, Joanne tries to hold herself together, keep her family intact, and get to the bottom of why a series of violent incidents, seemingly related to the mayoral race, all lead back to a mysterious property in North Central, 12 Rose Street. A gripping novel about family and friendship, competition and betrayal, 12 Rose Street confirms why Gail Bowen is indeed the "queen of Canadian crime fiction" (Winnipeg Free Press).

"Sapphire's birthday is nearly here and her friends are planning a magical party. But Troy has been behaving strangely-could he be keeping a secret from the others" (publisher)?
