"This main character has echoes of Rylee Adamson, yet still holds her own flare, the world building is unique and the book has some beautiful snarky humor that left me gobbling it up! The author has a deft hand at bringing bad ass women to life, I can't wait for book two!"~~ReviewerThe Witch's Reign...a land of unnatural hellish cold ruled over by the Ice Witch herself, who is in turn guarded by three creatures-Wolf, Bear, and Raven. Those lovely beasts derive their power directly from their mistress and just happen to kill any who cross their paths. To get THERE, you first must pass through the Dragon's Ground. Full of, you guessed it, dragons who for the record, also do not like trespassers.Sounds like a fun place to go, doesn't it? Yeah, not so much. You see the thing is my best friend, Darcy was sent with a team into the Witch's Reign to recover a powerful jewel that belongs to our mentor, and they are long overdue to come back. That leaves me, Zamira "Reckless" Wilson to go after my friend because no one else will. Somehow, I get saddled with a human-a male no less!-tagging along for the ride. A human that is as weak and useless as my shifting abilities. Throw in a weapon that might be trying to kill me, and a small dragon that has a penchant for Shakespearean insults, and you've got my life in a nutshell.May the sands of the desert swallow me whole because this is going to be a friggin bumpy ride.

We survived the land of the Witch's Reign, that much is true. But our arrival home is far from welcome. My idiot brother has taken it upon himself to ride off in search of a mythical healer, someone who might help him walk again. Assuming she doesn't eat him first. Because she's a dragon and happens to reside in the deepest reaches of the Dragon's Ground. Like I said, idiot. I'd go after him myself, but his leave-taking is not the only problem I face. My mentor has forbidden me to leave the safety of the Stockyards. Her reasoning? That I am too weak to weather the coming storms. With my pride wounded in more ways than one, I must gather the few allies I have left. My ex-husband's new girlfriend at the top of the list and a goat bleating Satyr. FML. If I'm lucky I'll find a small dragon and a Jinn whose blue eyes still haunt my dreams along the way. Buckle up, buttercup, this ride is about to take a seriously unforeseen twist.

The odds are stacked against her as she faces her greatest challenge yet...But that's nothing new in her world. The fifth in the plot twisting, heart pounding, magic-riddled, USA Today bestselling Desert Cursed series. I thought I had the next steps in my journey plotted out. I thought I knew where I was going and who I was going with—the usual crew of Lila the smart-mouthed tiny dragon, Ford the man who would be my mate if I let him, and Balder, the horse who has carried me through more danger than I can count. Crap on a camel, I could not have been more wrong. My world is turned upside down when my crew somehow gains two people who would as soon kill me, as see me succeed. Even with this new twist, I must get to the crossroads before the golden moon rises if we have any chance of dethroning the Emperor and bringing my brother back from the dead. Along the way I find myself in treacherous waters facing new dangers, new enemies and a choice that no one should ever have to make. Maks's life is in my hands, and in the end, will love be enough to save him, or will I have to say goodbye to him once and for all? Driving us from behind comes the desert goddess whose rage is centered on me, and with her is a new ally, who still holds my heart in his hands. One whose voice calls to me still. Eyes on the prize, I will push forward, even though hope feels weak and pointless. Along the way, maybe my heart will heal, maybe I'll bring my brother back from the dead, maybe this will turn out okay after all. Or maybe I will lose everything, and everyone I hold dear and discover I'm not meant to save anyone. Hope might spring eternal, but she's a right bitch as far as I can see.

A Teenage Girl Torn from her Family Must Survive a Series of Deadly Trials to Earn her Place in a Dangerous School of Magic, from Bestselling Authors K.F. Breene and Shannon Mayer You don't choose The Academy. The Academy chooses you. I had no idea how those words would change my life, until the day the most dangerous man I've ever met waltzed onto my farm and left us a death sentence. My younger brother has been chosen for The Academy: the prestigious, secret school of magic hidden within the folds of our mundane world. A place where there's no guarantee you'll make it out alive. If he doesn't go, our entire family will be killed. It's the same invitation my older brother received three years ago—and he never came home. The Academy has already killed one sibling, and I'll be damned if they take another. So I do the only thing an older sister can: chop off my hair, strap on two bras to flatten the girls, and take my brother's place. Magic and monsters are real. Assassins are coming for me, and the dead are prone to rise. What's a girl faking it as a boy supposed to do? Being accepted into an elite school of magic, monsters, and assassins was not my idea of higher education. But here I am, fighting my way through the deadly physical and mental tests of the Culling Trials to claim my right to be taught. In a cutthroat world where no one is as they seem, the golden rule is simple: Trust no one. The Academy

tells us we should just look out for ourselves. That we should leave the fallen behind and ask no questions. Not on my watch.

I knew the sins of my past would call to collect what was left of my soul. If I'd known the price I'd pay, I would've sacrificed more to stay hidden from the magic. In the middle of Wyoming-away from the abnormals of the world-I thought I was free and clear. I started a new life. Found a love I'd never known in a husband, and a son who was my everything. And in a blinding instant, that life was stolen from me. The rage of a grieving mother is an ugly beast. More so when she has the skills and killer instinct to back up the wrath and the knowledge that an accident was anything but. Once more, I will pick up my guns. This time to hunt those who took my husband's and son's lives. Let them see the assassin, trained to kill abnormals, stalk the shadows again. Let them see the Phoenix rise from the fragments of a broken life as she burns with a fury that cannot be contained. Let the killing games begin.
